

Chapter 12 - Constitution of Registered Student Societies

Section 12.1 Name and Objectives

Every student society formed under this constitution shall be registered with the Office of Student Activities and shall adopt a name that does not duplicate or closely resemble an existing registered society. The objectives of a society, as stated in its founding application, shall be consistent with the educational, cultural, or service mission of Bannerworth University and shall not be primarily commercial or political in nature. A society's objectives may be amended only through the procedure described in Section 12.6.

Section 12.2 Membership

Membership in a registered society is open to all currently enrolled students of the university, subject to any reasonable eligibility criteria set out in the society's own bylaws and approved at registration, such as a minimum semester standing or a skill-based audition. A society may not charge a membership fee exceeding five hundred rupees (Rs. 500) per academic year without separate approval from the Office of Student Activities. A member who ceases to be an enrolled student automatically ceases to be a member of the society.

Section 12.3 Office Bearers and Elections

Each society shall have a President, a Vice-President, a Secretary, and a Treasurer, elected annually by its general membership through a process described in the society's bylaws. No student may hold the office of President in more than one registered society at the same time. Office bearers serve a term of one academic year and may stand for re-election to the same or a different office, subject to any term limits set out in the society's own bylaws. A casual vacancy in any office is filled by a by-election conducted within thirty days of the vacancy arising.

Section 12.4 Funding and Budget

A registered society may apply to the Office of Student Activities for an annual grant, the amount of which is determined based on membership size, the society's activity record in the preceding year, and the availability of funds. Societies must submit an itemized budget proposal at the start of the academic year and a utilization report at its end; failure to submit a utilization report disqualifies the society from receiving a grant in the following year. Societies may additionally raise funds through sponsorships or membership fees under Section 12.2, subject to disclosure

to the Office of Student Activities.

Section 12.5 Meetings and Quorum

The general body of a society shall meet at least twice each academic year: once at the start of the year to present the annual plan, and once at the end to present the utilization report referenced in Section 12.4. A quorum for a general body meeting is one-third of the registered membership, or ten members, whichever is fewer. Office bearer meetings may be called by the President with at least forty-eight hours' notice and require a quorum of three of the four office bearers.

Section 12.6 Amendment Procedure

A society's bylaws or stated objectives may be amended by a resolution passed with a two-thirds majority of members present and voting at a general body meeting for which at least fourteen days' notice of the proposed amendment was circulated to the membership. Any amendment must additionally be submitted to the Office of Student Activities for confirmation that it remains consistent with Section 12.1, and takes effect only upon such confirmation being granted in writing.
